## **BUDGET CONSIDERATIONS**

With so many different components that make up your catering costs, it's important to understand them and the direct impact they can have on your budget.

To help you start planning, we've outlined them below. Your Event Planner will also review these with you to help determine not only what's best for your event, but also what will realistically fit within the budget that you've set.

### **FOOD AND SERVICE STYLE**

Menus included in the "Upscale on Sale" Packages offer a wide variety of options, however we recognize that this may not fit every Wedding. Menus can be custom created, from the food and number of courses to the style in which your guests will be served. The service style you choose will have a direct impact on your budget, as it will determine the staff-to-guest ratio required to successfully run your event. So remember, the more complex your menu, the more staff will be required. Labor costs can play a significant role in increasing your costs.

### **EVENT LENGTH**

The length of your event will have a direct impact on your budget. Upscale on Sale Packages include 5 hours of service. Choosing to extend the length of your event can significantly increase your labor costs, as well as costs associated with extending food and beverage offerings during this time.

### **RENTALS**

Serviceware and linens are included in our Package pricing as a savings to you. Depending on the venue you select, tables and chairs may or may not be included. We offer a wide selection of tables and chairs, as well as upgraded linens, service ware, décor and lighting at an additional cost. We work with only the best florists, event planners, photographers, and valets to help streamline your costs and ensure a stress free experience. Please consult your Event Planner for details on available upgrades and pricing.

### **BEVERAGES AND BAR SERVICE**

The next consideration in planning your budget is the type of beverages you'd like to offer. Options include a full bar, beer and wine, non-alcoholic, and coffee or tea service. The most important consideration is whether or not to offer alcohol, as it will obviously have the largest impact on your costs. Consult your Event Planner to determine what's ultimately best for your event and your budget.
